

hello, I am

Laure Issa

a 22-year-old multimedia engineering student

IMAC ENGINEERING SCHOOL PARIS 2016 - 2019
computer science, audiovisual, 3d

CHONBUK NATIONAL UNIVERSITY JEONJU 2018 - 2019
(exchange student) computer science

UNIVERSITY OF ANGERS ANGERS 2014 - 2016
computer science, mathematics

Science-educated, I was always into arts - so digital arts is my main passion because of its mix of two dichotomic subjects, that complete each others perfectly, and make infinite wonders out of them. Coding with colors, shapes, and music is what I am aiming for in my future career !

Processing, Unity, C++,
OpenGL, C# JAVA, HTML/
CSS, Javascript (React)

~
Photoshop, Illustrator,
Premiere, AfterEffects,
3Ds Max

~
English, French, Arabic
Korean (beginner)

UNITY, VR ATELIER 3C, PARIS winter 2018
development of an Unity artistic interactive application

WEB DESIGNER SELECTRA, PARIS summer 2017
web sites design and illustrations

UNITY, 3D IN/ON, PARIS summer 2018
development of a grasshopper/Unity musical and 3D application
